

COMMUNITY ROAD IMPROVEMENT INITIATIVE

An informal ad hoc committee has formed to address the conditions of the County roads within Columbia Township and the LCPOA. As a result, conversations have been held with Township Supervisor Barry Marsh, Jackson County Road Commission Project Manager Jim Cole, and LCPOA President Tom Crampton to name just a few.

Encouraging information has been shared and **the group is seeking resident's participation and input.** This is an opportunity for the committee to provide **accurate information and potential options as to what it will take to address this issue in our community.**

The next step, we believe is to bring the community together for an informative meeting. We have reserved the Columbia High School auditorium for a meeting on 6/29/2022 at 7:00PM.

The committee's intention is to keep **the meeting informative, concise, and include a limited Q & A so as to ensure brevity for those who might otherwise have plans or commitments on a probable beautiful summer evening.**

We hope to see everyone there!

ROAD IMPROVEMENT MEETING DATE

WHEN: June 29, 2022

TIME: 7:00 pm

WHERE: Columbia High School auditorium
11775 Hewitt Road
Brooklyn, Michigan 49230
